

DECIDE MONDAY ON A CANDIDATE

Women Still Contend for Representation on the School Board

As much deliberation, comparatively, as is expended by male voters upon the choice of a candidate for president is being expended by Tulsa schoolwomen in selection of the first female nominee for school board. Not that the schoolwomen consider the two offices as equal in importance, but they take their task seriously and wish to place a thoroughly qualified woman in the running.

At a meeting of representatives of clubs and other women's organizations Monday afternoon in the Y. W. C. A. building, a candidate was again postponed, this time to a meeting next Monday afternoon in the same place when all women eligible for candidacy are asked to attend and upon request state their qualifications. The one who is given the largest number of votes will be considered the official nominee.

The greatest surprise in yesterday's conference was when Mrs. Harry D. Murdock, chairman of the nominating committee, presented for consideration that no woman be run for the school board at this time because the times were not ripe. This recommendation was voted down by the gathering. Miss Amy Comstock, president of the Tulsa branch of the American association of University Women, which originated the movement, presided, and Mrs. C. W. Grimes acted as secretary.

PAWBUKA, Jan. 30.—(Geneva, three-year-old daughter of Mr. and Mrs. W. T. Evans of nine miles north of Pawhuska, died Friday night, following burns received Thursday afternoon. The baby was playing on the floor, where her clothes caught fire from a tiny flame at a leak in the connections for the gas stove.

The baby's mother fought the fire with her bare hands, which were burned. The body was taken to Cleveland Sunday for burial.

PONCA CITY, Jan. 30.—An unnamed negro has escaped from the custody of county authorities together with the handcuffs, one of which is attached to his right wrist, or it was when he was arrested on a bootlegging charge and had a handcuff locked to one wrist when he managed to escape. The authorities, according to Deputy Sheriff Rhoads, from whom he escaped, want the handcuffs more than they do the negro.

MIAMI, Jan. 30.—The Ottawa County Teachers' association, which was formed some months ago as one division of the larger organization of teachers in the county, will hold its first meeting at Hotel Miami in this city Saturday, February 4, for which occasion an interesting program has been prepared, including music, addresses and general discussion. LAST DAY OF GRACE

Beginning February 1 a Penalty of One and One-Half Per Cent Per Month Will Be Added.

Today is the last day of grace. If taxes are not paid at closing time tonight the treasurer's office will add a three per cent penalty will be added. This is one and one-half per cent per month.

All day Monday the county treasurer's office was jammed with taxpayers and the office was held open almost an hour overtime in order to give those in line a chance to pay. There is absolutely no chance for the time to be extended, Wayne L. Dickey, county treasurer, says, because the law forbids such action. The time limit is supposed to expire on January 31 but inasmuch as the rolls were a month late in reaching the treasurer this year the time was extended a month. However, when the penalty is attached it will be for both January and February, according to Dickey.

Inter-Mine Railway Reports Flourishing Business for Year.

DOUTHAT, Jan. 30.—The North-east Oklahoma railroad, a short line from Miami to the mines via North Miami, Commerce, Cardin, Pieher and Douthat, appears to have had a fairly prosperous and growing business during the year 1921, according to figures now rendered available. Four and a half miles of new track were constructed during the year and a large number of freight cars were repaired for other companies.

The number of passengers carried in 1921 exceeded that of the previous year by 74,156. More persons have ridden on their cars this month to and including Saturday, the 25th, than even during the previous month, which includes the holidays.

CLAIM VALUATION PADDED

Gas Company's Plea for Increase in Rates Unfairly Figured.

COMMERCE, Jan. 30.—The Commerce city council has named a resolution asking the state corporation commission to send its engineers and experts to Ottawa county to examine the books and make valuation of the property of the Consumers Gas company before passing upon the application made by the latter for an increase in rates.

It is pointed out in the resolution that the cost of labor and material used by the company has decreased that their valuations for rate-making purposes have obviously been inflated, and that the advance now demanded by them would be manifestly unjust to the people.

By Associated Press State Wire.

Whit, Pittsburg county attorney, against Sheriff Sanders, who is a republican, elected in the 1920 landslide has lost the support of the two republican county commissioners of Pittsburg county. J. W. McMurry, republican chairman of the board of commissioners, has signed orders for the ouster suit. The other republican commissioner, H. H. Rowley of Kiowa has been active against Sanders.

Whit refused to discuss the charges that he will file against Sanders. Misconduct in office will be alleged, however, he declared. Beyond that nothing is known. Whit spent several days at Haristhorpe recently gathering evidence to be presented at the hearing.

Pimples, blackheads and boils—fresh yeast rid's you of them

It is well known that pimples and blackheads (acne) and boils are often caused by errors of diet.

Fleischmann's Yeast is now being recommended for these embarrassing and painful skin troubles because fresh yeast corrects the errors of diet which cause them.

The surgeon of one important New York hospital states: "I have used yeast extensively and found it invaluable in curing boils." When it comes of pimples were treated with Fleischmann's Yeast at hospitals in New York and Philadelphia the results were remarkable. A typical case was a young man who had suffered from pimples for three years. He ate three cakes of Fleischmann's Yeast daily. In five weeks the eruption had cleared completely.

If you are troubled with pimples or boils, begin at once to correct them by eating 2 or 3 cakes of Fleischmann's fresh yeast daily before or between meals. Fleischmann's Yeast—the famous "flea" package with the yellow label. Place it standing order with your grocer for Fleischmann's Yeast.
